## Do you know 7 of 10 prefer disposable recycling tableware and packages?

In MonoUse we want to show you we respect and protect the environment. Customers watch on food quality but on materials of the tableware and disposable packages also. Customers expect them to be recyclable, compostable and biodegradable. We offer the possibility to make customers happy from first moment.

What if in addition to offering you biodegradable, compostable and reusable tableware and packaging, we offer you aesthetic and quality products? Nothing better to enhance your food and maximize your customer experience.

# PAPER DOYPACK

## RELY ON THE DOUBLE SEAL

Whether it's to keep your food stored in perfect conditions in your premises or to sell it to your customers. If you are looking for a convenient, practical and safe way to do this, Doypack bags are exactly what you are looking for.

Do you know them? Don't worry, at Monouso we know all their peculiarities and we are going to tell you about them so that you will be surprised by all the advantages they can bring to your business.

## GREAT RESISTANCE AND HIGH CONSERVATION CAPACITY

Known for being one of the most popular packaging solutions in different premises, these food safe bags are ideal for storing, among other things: tea, coffee, nuts, herbs, dried fruits, sweets, spices and many more.

Our Doypack bags consist of an outer layer of kraft paper and an inner PE lamination that provides an excellent solid barrier against moisture and external agents, keeping the products inside in ideal conditions, preventing contamination and flavour migration. A practical way to preserve and extend the shelf life of your products.

## Paper Doypack White with self closing and Window

# PAPER DOYPACK

## DOYPACK DOUBLE ZIP: SECURE AND WATERTIGHT

DoyPack pouches feature a double locking system at the top. On the one hand, a heat-sealed area, which makes them watertight after the application of heat, and which has an "easy open" notch to tear the seal at the moment of consumption of the product and, on the other hand, to allow opening-closing and taking the contents as many times as necessary, a self-closing zip.

## ADVANTAGES

- Made of plasticized Kraft paper with internal PE lamination. Resistant to humidity.
- Translucent Horizontal Window.
- Double thermal closure and self-sealing zip at the top.
- Suitable for direct contact with food.
